Aims of *egs*-excursions

egs-excursions lead to places of special interest, where the used but also the re-established environment can be seen. They want to make aware of the setting and show the potentials of a region. *egs*-excursions are cultural time-travels and space-time tracings of the concealed and the disguised (www.egs-net.ch • excursio). In this respect they are transdisciplinary introductions to a region.

Dates and places of *egs*-excursions

Andalusia. Culture, Geology, Mining and Nature in southern Spain
2010 24.10. - 29.10. (arrival/departure) *Registration due until 1. August 2010*

Berlin. From the iron curtain to the new parliament - How the Spreebogen was revitalised
2010 upon arrangement / your preferred date:

Rocks - Water - Colour. The Swiss Alps
2010 upon arrangement / your preferred date:

2010 upon arrangement / your preferred date:

Further excursions and dates upon request and individual arrangement.

Guidance

The excursions are guided by scientists of the Swiss *egs*-network.

Participants

Everybody with an interest in the environment is welcome. Special knowledge to the topic is not vital.

Fees of *egs*-Exkursionen

Andalusia 400 Euro • Berlin 15 Euro • Swiss Alps 320 Euro • Wine and Geology 300 Euro.
For details see the individual leaflets.

- Neither travel costs for arrival and departure nor accomodation are included.
- Please note that the *egs*-network and its guides do not take any responsibility in case of an accident. We recommend appropriate insurances.
